25X1X

26 June 1949

1. There was intensive formation flying in groups of 9 Pe-2s each at the ORANIENBURG (N 53 1/2 67) airfield on 26 June 1949. Twin-engine DC-3 aircraft and U-2 biplanes were also observed at the field. Construction work was not observed. Two passenger cars,                      left the field.

25X1B

2.                      Comment:

The report does not indicate the strength of occupation of the ORANIENBURG airfield. The observed flying activity                      show that the airfield is still occupied by bombers. Two bomber regiments have been assumed to be stationed in ORANIENBURG. Due to the fact that the observations were made on a Sunday, no construction work was seen.
